PLUS:

- Made of stainless steel, powerful, fast and very robust, microwave ovens "Heavy Duty" Diamond, have been specifically designed for professionals in the food sector. The double magnetron is particularly suitable for intensive and continuous use. Supplied as standard with a glass ceramic removable shelf that allows cooking two plates at the same time. Stackable, thus offering more comfort and space optimization. Diamond microwave ovens are not available in large distribution, but only through authorized professional resellers. Upon request: Stainless steel wall bracket.
